

MONDAY

Today we are going to draw pictures of our favourite Christmas presents. What did Santa bring you? Can you draw a picture of it? Send us the photo of your picture.

TUESDAY

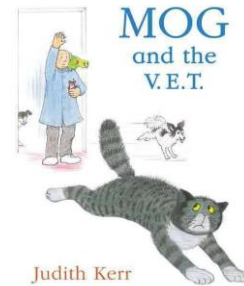

We have set up a vet's role play in the classroom. Watch the following programme

[here](#)

If you have any cuddly animals you could set up your own vet role play. I will also send a pet details worksheet for emergent writing: this could be "scribble," lines and circles or letter shapes to represent sounds, depending on your child's stage of development. Can your child tell you what they have written?

WEDNESDAY

Listen to one of the teachers reading Mog and the VET on Class Dojo.

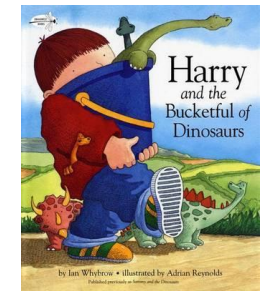

Can you re-tell the story to someone in your family? How did the story start, how did it end? What happened to Mog?

THURSDAY

We have lots of dinosaur small world play in nursery at the moment. Listen to one of the teachers reading a dinosaur story on class dojo. What can you find out from books, the internet or Cbeebies about dinosaurs? We are thinking about predators/prey, herbivores/carnivores, camouflage, extinction, habitats and much more. You could send us a little video of yourself on "evidence me" talking about what you have found out.

FRIDAY

Listen to one of the teachers reading Harry and the bucketful of dinosaurs. I have attached a cutting activity for you to print out if you want to.
