

MONDAY

Follow the link to listen to the story:

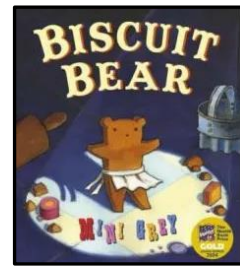

[Polar Bear, Polar Bear](#)

The animals in this story make different sounds, we can too, can you:

- trumpet like an elephant
- bray like a zebra
- bellow like a walrus
- hiss like a boa constrictor

Watch Mrs Barber playing a memory game with the animals from the story on Class Dojo.

TUESDAY

In nursery we will be baking gingerbread bears and counting out raisins for buttons. You could bake some gingerbread people or bears at home.

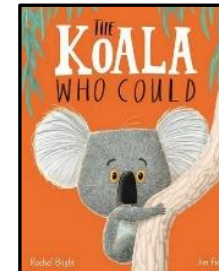

WEDNESDAY

In nursery we will read the Bear Hunt and make some sensory bottles to help retell the story. You could make some at home too: grass in one bottle, water for the river in another, sticks for the forest, mud and ice...

THURSDAY

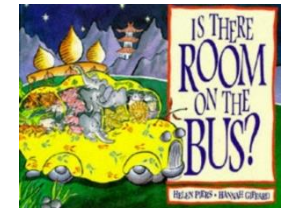

Listen to one of the teachers reading the story, "The Koala Who Could".

[This episode](#) of Andy's Adventures looks at koalas and where they live.

Build a den for a bear. Pandas, polar bears and koalas all live in different places. Do you know which one likes bamboo?

FRIDAY

Listen to one of the teachers read Room on the bus

See if you can line up some of your toy animals and count them. We have been remembering to touch each object once when we are counting carefully. What happens if you add one more toy to the line - can you think how many there will be now? Count and check.
